

Cartography M.Sc.

Mid-term Thesis Feedback Form

Name Student:

TUM registration number:

Research title or topic:

Name of the Chair of the mid-term assessment committee:

University where thesis is written: TUM / TUD / TUW / UT

1. The assessment is **formative feedback** (no grades).
2. Immediately after the presentation and discussion, the chair of the assessment committee will meet briefly with the members of the assessment committee to compile the committee's overall assessment of the student's progress in the form below.
3. The completed form is sent to the Local Coordinator at the university where the student writes, and the Thesis Coordinator.
4. The form will be made available to the student and the contents will be discussed with the students by **his/her supervisor(s)**.
5. In case there is a serious risk of failure the participant receives a written warning from the Exam Committee.

Assessment criteria	Yes / No	Remarks
1. Are the available data (primary & secondary) collected and sufficient to complete the research as formulated?		
2. Are the methods and techniques good enough to enable the candidate to answer the research questions?		
3. If 1 and/or 2 above are negative, can the research still be reformulated relatively easily to develop an acceptable alternative?		
4. Are all parts of the research now coherently connected?		
5. Does the candidate give the impression that s/he is sufficiently "on top" of the project to enable the research questions to be answered?		
6. Is there a serious risk of delay in completing the research within the scheduled time (i.e., within the Semester)?		
7. Is there a serious risk of failure ?		

Strong points of the MSc research:
